House Renovation Continues: Kitchen and 2 Suites Completed

Rick “Bozo” Rengel—ACB VP and Housing

Construction is complete and we are pricing new kitchen equipment – stainless steel worktops, sinks, and a commercial dishwasher. Without your Alumni donations it would have not been possible!

Our Goals:

1. A commercial-grade facility for the commissary’s production of meals.

Water damage, poor layout, and age have taken their toll. The remodel must combine ‘frat house’ durability with *restaurant-level* functionality, quality of material, and a sanitary environment. The kitchen of this level will encourage the

Commissary and enhance the reputation of the meal quality.

Objective: “Gut” existing kitchen, develop new design with Kitchen Designer. Separate dishwashing sinks from prep areas, add lockable pantry for food storage. Equipment, counters, shelves, etc. shall all be removable for easy cleaning, floor shall be retiled and sloped to drain a floor sink, and wall finishes shall be FRP. Dishwashing shall utilize a commercial washer with 4-minute cycles and integral dish-wash and dish-storage racking system.

2. The Kitchen shall be a nexus of activity for the brotherhood.

Once, “Kitchen Execs” for-

Del Kitchen: Phase I remodel

Phase I of the Kitchen Remodel is COMPLETE!

mulated House policy and the Kitchen fueled a flow of dynamic and creative group energy. But, the Kitchen, along with generations of brothers, has changed. Equipment abuse, failure to clean-up, missing food and

(Continued on page 8)

Letter from ACB President

The past year has been one of great achievements and great challenges. The chapter has grown to be one of the largest on campus. We have brothers serving in leadership positions in IFC and many clubs. The house continues to be one of the top contributors to the SLO

canned food drive. The house remains responsible by providing safe rides home from downtown on weekends. The pledge projects (driveway retaining wall, back fences) provided some much needed improvements to the property that will last for years.

This rapid growth has come with some "growing pains." Most of the growth has come in the form of younger brothers and the maturity level of the house is an issue they struggle with. As many of you have heard, when the

(Continued on page 2)

Letter from ACB President

(Continued from page 1)

house executive board changed in January, the new exec discovered that the house was in serious debt. This was a shock to both the active chapter and the ACB. The ACB had been receiving its rent check relatively on time for the past two years and the active chapter had been operating as usual as far as the members knew.

About a week after learning of this situation, the ACB sat down with the active exec board in February at our annual Goals and Objectives Retreat to work through this issue. The first thing we did was go through who was owed what, after adding up all the debts, the grand total came to approximately \$65,000! We decided to concentrate on "stopping the bleeding" by putting together a budget that would continue to pay down debts owed to third parties and get the actives through the rest of the school year. At the start of the 2004-2005 school year, members of the ACB and the active treasurer put together a budget for this year that will eliminate all third party debt.

The budget we put together last February seemed to indicate that the money coming in was nearly sufficient to cover the expenses going out (excluding the debt payments). We decided an investigation was needed to determine where the money making up the debt went. The past treasurer had set up the bill collecting through a 3rd party that specializes in fraternity billing (Omega Financial) and as a result, he decided that he didn't need to track expenses. We spoke to some accountants about reconstructing the expense records and performing an audit. The cost for an accountant to do this and the honest estimation that they would not be able to do this were discouraging. We asked the alumni base if anyone could help with this task, and Brother Bob Veazie "Ace" came forward to re-

construct the records as well as develop new controls that would eliminate / greatly reduce the possibility of this kind of financial mismanagement from happening again. Ace has worked with the past and current house treasurer as

Actives struggled with how to use Credit.

well as the ACB treasurer to piece together what has happened, and to make changes to our processes. Everyone involved is truly grateful to Ace for volunteering his expertise and help.

Alcohol and its role in the fraternity continues to be an issue. During Sailors Ball

this year the police responded to a noise complaint and one of the units that came to the house was from the Campus Police. An officer from that unit issued a report to the school where he observed that the party was open (i.

e. no security controlling who was allowed in), multiple kegs on property, and beer being served

without checking IDs. The school has placed the chapter on probation for the Fall quarter, they will be allowed to Rush, but they will not be allowed to participate in any other school activities. The school passed the report on to the National Fraternity, who also placed the chapter on social probation. National also developed a set of terms to be completed this year in order for the chapter to return to its normal status: Conducting a seminar for members on Responsibility and Accountability, developing a written plan for conducting social events involving al-

cohol, attending the Spring Leadership conference, and attending the National Convention. The house will also not be eligible for an Alcohol Free Housing waiver for the entire school year, meaning that the house will be dry for the 2004/2005 school year. The ACB is working in cooperation with the school and National Fraternity to restore the chapter's good standing and we will be fully enforcing all of the sanctions.

In addition to the two problems above, we still have the issue of the fraternity house's deteriorating condition. Over the past few years we've gutted and redone the bathrooms, fixed drainage problems, fixed electrical problems, added heaters, and other small improvements. These all have been aimed at improving day-to-day living at the fraternity house.

This Summer, we kicked it up a gear and remodeled Butcher Shop and Deadwood as well as the Chapter Room and Dining Room (please see Bozo's report for details). In a Summer teleconference, due to problems found when remodeling the dining room we agreed to take the first step towards a complete kitchen remodel. The goal

was to fix the major issues and get the kitchen functional ASAP for the school year. ACB VP/Housing Manager/MVP, Rick Rengel "Bozo" has been instrumental in leading the way on these improvements. He puts together the plans, proposes multiple ways of doing the projects, hires the contractors, often

does much of the work himself, and makes sure the job gets done and gets done right. We sincerely thank him and especially his family for the time that he invests in the house.

During the October 2004 meeting I set out 3 priorities for the rest of the year:

1. **Get the chapter off of probation, develop a culture of accountability and transform the chapter into being as self-sufficient as possi-**

(Continued on page 9)

Brother Bob Veazie "Ace" came forward to reconstruct the records as well as develop new controls

Active Finances Unraveled

Bob "Ace" Veazie

Over the last 2 years, the Active Chapter has over-spent its budget by about \$60,000. This came to the attention of ACB in early 2004 and has been an active subject in ACB and Alumni Association meetings. A critical review was performed and significant reforms have been put in place to prevent this from occurring again.

This debt has four components. Actives have receivables (late bills) of about \$10,000 (most collectable). Actives also owe ACB about \$25,000; owe local utilities about \$7,000; and owe credit card companies about \$18,000.

Alumni review found that this occurred because key processes and procedures fell out of practice. The over-riding process break was failure to follow basic financial management. Budgets were not created, revenues and expenses were not effectively recorded, a comparison of spending to the plan was not made, and spending approval was lax.

Another process break was the introduction and use of debt. They

Expenses were not properly recorded

used commercial credit card debt as a means to cover their over-spending each month.

We have changed multiple processes and procedures, and instituted controls, so this will not recur.

However, the Chapter is saddled with a \$50,000 debt (assuming collection of the \$10,000 owed by Actives to the Chapter). Addressing this debt will likely remain in the forefront of Active and Alumni meeting for the next several years.

Regional Alumni Chapters

Chris "Yabut" Patterson W'73

Regional Alumni Chapters are geographically defined groups of Alumni that organize into a unit. Such Chapters could provide input to our Alumni Association.

Bob "Hots" Papazian, of Fresno, has generously agreed to help us test this idea. He will be forming the Central Valley Alumni Chapter. It will stretch from Bakersfield to south of Stockton and include foothills and Sierras.

If you're in this region, expect to hear from Hots soon regarding a Central Valley YITBOS Golf Tournament. Please help him with your ideas and enthusiasm

for our first Regional Alumni Social Outing. You can reach "Hots" at (559) 307-4601 or email hots1973@hotmail.com. Free drinks in the clubhouse (on Yabut), for any non golfers who want to attend!

Obviously, other regions are ripe for an Alumni Chapter. Couldn't San Diego, Los Angeles, Central Coast, Bay Area, and Sacramento-north be their own Chapters? How would you define regions in California?

Alumni Association Urgently Seeks Membership Chair

The Alumni Association is seeking a brother adept at working with publishing software and spreadsheets to manage Alumni Association Membership dues collection and creating and mailing this very Newsletter.

Duties include accounting for dues and contributions to AA Treasurer, Create and Mail AA Communica-

tions, acquire existing and initiate new membership and attend AA meetings.

If you have the time, skills, creativity and drive, please contact Alumni Association President Jonathan "Peabody" Monfort at 714-713-1262 or via email

jonathanmonfort@yahoo.com

Anyone interested in starting a Regional Alumni Chapter please contact Yabut at gold-dust@cwnet.com or any Alumni Association officer.

YITBOS

Active Chapter President State of the Chapter

The active Epsilon Rho chapter has had a series of changes take place on all fronts over the past few months, and in the end we will be coming out on top.

The chapter has conducted the necessary requirements set by National and Cal Poly and will be off probation by the expected date of December 31, 2004.

We all have learned some very valuable lessons not only as Delta Sigs but also as growing men and will be applying what we have learned to the next generation of Delta Sigs. We as a chapter experienced an identity crisis in the closing months of the school year last year, and with the help of the active leadership and some alumni, the current active chapter has developed a common goal in bringing

House Unity is at an all time high.

in men and helping them mature. Realizing what we wanted to be about has come through seeing some with conflicting interests leave the fraternity, but we are now more united than ever and on track for a great year.

The executive board will change in January and new leaders will emerge and carry out our traditions and values.

The house itself has also been through some changes and has experienced thorough renovations with the kitchen, chapter/living room, two suites, and the lawn. These improvements were long overdue but with

We all have learned some very valuable lessons not only as Delta Sigs but also as growing men

the active participation of actives and alumni alike, and your donations, 244 California Blvd. has been said to "rival a sorority house" in terms of how it looks.

It truly is impressive and the actives thank you alumni for making it possible. We are on track to renovate two more suites in the summer of 2005, and the final two in the summer of 2006.

We are excited about this year and getting back on the right road. We enjoy having alumni come by and have had visits by quite a few as of late. Carnation Ball will be held over Cal Poly's Open House in April, as always. Hope to see you there!

YITBOS,
David Crowell "Trips"
President

Alumni Donate to Capital Improvement Fund

The Kitchen remodel would not be able to be finished if it were not for alumni dipping into their own pockets to help out the Chapter in a time of need.

The account is officially called the "Delta Sigma Phi Fraternity Donation Account"

Long range plans for the chapter include major cosmetic renovations; however, according to Rick Rengal and the ACB the house needs to come up to minimum livability standards, including a functional kitchen and economically remodeled suites.

To date, donations have come from:

\$2500 or More
Carl Cowan

\$1000 to \$2499
John Rix (Burgie)
Ron Schultz (Ruff)

(Continued on page 8)

Alumni Association Honor Roll

The Chapter Alumni Association would like to recognize the following members for their support over the past two years (2003 and 2004).

Members are listed in alphabetical order by last name. Alumni who also gave to the Capitol improvement fund via their dues are also noted in underlined italics

If you are an honor roll Alumni and are not listed please contact the Alumni Association President.

Web Expertise Needed

By: Chris "Yabut" Patterson W'73

Your Delta Sig brothers who have volunteered for years need your assistance with getting an Alumni Association web site. We've built a lot but it's gotten to large to "man-handle" by a few officers.

We need to capture what we've built so it's never lost again. The site's time-savings will help us focus on finding and connecting lost alumni and improving communications.

We've done our homework and have a great site plan. It will have an e-directory, chat rooms, bulletin boards,

newsletters, photo gallery, and ways to help the men of the chapter.

We're asking for donations of either money or web hosting or even web authoring. It will cost upwards of \$4,000.00 to develop and host a site with significant storage of old photos. It's an e-office we need.

Please send your check to the Chapter Alumni Association marked "for web site".

Open House - Poly Royal Dates Announced

What used to be known as Poly Royal is currently scheduled for April 15th—17th 2005.

This year the Chapter will host the usual events including Alumni Active BBQ at the House, Alumni Golf Tournament/Outing, Carnation Ball, and some fundraising events.

Make it a point to take a long weekend, go to Farmers Market on Thursday night, enjoy some Tri-Tip and walk down Higuera Street.

This year Carnation Ball will

only be guaranteed on orders received by the Chapter before March 1st 2005.

Last year the Chapter lost thousands of dollars expecting higher alumni turnout.

This year only those ordering early will be guaranteed a seat for dinner.

which have been completely re-modeled.

The Men of the chapter are high on pride and the Chapter has not looked this good since 1975

The Alumni Control Board will also meet on Saturday morning April 17th at 09:00 AM to discuss business. All Alumni are encouraged to attend.

The ACB will be discussing chapter finances, chapter health, and the renovation of the remaining suites during the summer of 2005.

For events sponsored by the University go to the Cal Poly official Open House website at <http://www.orientation.calpoly.edu/openhouse/>.

Enjoy yourself with the Active Chapter at Carnation Ball

Come to dinner and get to know the active chapter and the men taking Epsilon Rho into the 21st century.

See the house renovations including the Kitchen and upstairs suites

Epsilon Rho Chapter Alumni Association

ACB Votes to take \$50k In Debt to Remodel 4 Suites During Summer 2005

We are in the process of remodeling the interior of the suites and completing the kitchen. Currently the Kitchen is operational and two suites have been remodeled.

The remaining four suites will be completed by September 2005 and the ACB will be taking out a line of credit or mortgage based on the chapter house value not to exceed \$50,000 dollars.

That is, unless we able to raise the cash with our capital campaign to build the Capital Improvement Fund ("CIF").

Over 32 years of hard living by young men has taken its toll on this structure. The new suites are sought after accommodations in a

competitive market.

Although funds donated through the Alumni Association are NOT tax deductible, you will still feel good about yourself.

If you have a larger sum that you would like to leverage with a tax benefit please contact brother Jim Valdez about contributing to the 21st Century/Epsilon Rho Fund. Jim can

be reached at **jamesgvaldez@charter.net**

21st Century/Epsilon Rho donations are funds that go to National for use by EP. Although these funds cannot be used for improvements, ACB can take out a low interest loan against 21st Century Funds—like taking a loan on your 401k.

The Alumni Association and ACB will be working up a program to recognize Contributors .

Raise the money or take out a loan, either way the ACB is responsible to provide adequate housing for the Actives.

Due by March 1, 2005

Special Offer

Donate to the Capital Improvement Fund ("CIF") and You will feel good! If you ever lived at 244 California Blvd. Just try to remember how much wear and tear you contributed, then reach deep and send a donation to help turn the chapter into the best house on campus (even nicer than the sororities!) Help create the atmosphere that contributes to a lifetime of memories.

For those contributing before Poly Royal of this year, donate to your specific room. Each room will receive a plaque on the back of the front door with donors. Be sure to give your name, nickname, and the approx year you lived in the room.

Your Alumni Assn Enrollment and CIF Donation are not tax deductible

Alumni Speakers Wanted

The Chapter is looking for Alumni Speakers to come and talk about how the Epsilon Rho Chapter has affected their Careers and Lives. Contact ACB or Active EL Chairmen for further information

Alumni Assn Dues Now Calendared Starting 2005

Alumni Association Dues are now due by the end of the first month of each year — don't worry, we will still send you a notice!

Prior years dues were for Academic year and collections were spread over a 9 month period

In an effort to create a broader base we are asking alumni to contact their friends from the Chapter and ask if they have given this year.

Alumni Encouraged to Visit the House

Do you pass through San Luis Obispo on occasion for business or pleasure?

The Chapter and the alumni association invite you to visit and meet the brothers and see the improvements that have been made.

Tremendous change is afoot at the chapter and we welcome alumni

to spend some time and meet the brothers.

Times have changed but the brotherhood is very strong with a 21st century spin: everybody has cell phones and computers .

The chapter house number is 805-543-9818.

The brotherhood is very strong with a 21st century spin...

Remodel Underway

(Continued from page 1)

utensils, etc. forced the Kitchen to be locked-down, except for evening meal production. Live-Ins began to install refrigerators, toaster-ovens and microwaves in their rooms and store personal food.

Objective: Be able to lock-off the 'Commissary Kitchen' from an

'Active's Kitchen.' During meal service, the Actives Kitchen will be the Serving Crew's work and dishwashing areas. At other times, microwaves, toaster oven, and sinks shall be provided for personal meal service. Add vending in the breezeway to provide plenty of food and fundraise, eliminating the need to store, cook, and waste food in Active's rooms. Considering both goals, the facility was

designed in two phases. Phase II is planned for Summer of 2006, and walls, plumbing, and electrical have all been placed in Phase I to dovetail into Phase II. The Laundry is planned to move to the upstairs breezeway, and relocation of a new men/women's restroom off the downstairs breezeway.

Other Suites will go under the hammer in Summer 2005

See it for yourself, along with the 2 model suites, Butcher Shop and Deadwood, at Poly Royal 2005!

ACB Prez Letter

(Continued from page 2)

ble. The chapter has begun to change, but it is moving too slow. Anyone who tries to defend the slow rate of change is adding to the problem, not helping solve it. The chapter must change.

2. **Financial and Social Planning. The chapter must get back to fiscal responsibility.** It's not just the treasurer's job, it's the whole house's job. Use of a budget, running as a cash operation. We are putting in financial controls to help prevent trouble from happening including more frequent reporting as well as new checks and balances. Social events must be planned. The cost needs to be managed and budgeted for realistically. Locations must be set up well ahead of time, and alcohol logistics must be managed.

3. **Continuing the renovation of the chapter house.** Bozo has been spurring the whole fraternity on and has made tremendous progress. We must continue the renovation and get the house refreshed. Bozo is very involved, and the chapter needs to share the burden of maintenance and owning this house.

The Chapter was on Probation for the Fall

Without 1 and 2, 3 isn't going to matter. The belief that 3 is going to magically make 1 and 2 occur is wishful thinking. That being said, the ACB has an obligation to continue the renovation effort. Of the many problems we are dealing with simultaneously, it's the one that the ACB and alumni perhaps have the greatest control over.

With greater alumni involvement, the chapter seems to have become less self-sufficient. The chapter is an owner of the house, not a renter. Epsilon Rho's success is ultimately the responsibility of the active membership; the alumni and volunteers can only do so much.

Me giving a speech about these issues isn't going to solve them. The brotherhood as a whole needs to focus on these issues and take action to address them. Everyone seems to have great ideas for recipes (which are appreciated), but what we really need is people to cook the food.

2005 Update:

I'm happy to report that the chapter is now off probation with the school, and is in line to get off National probation at the end of the year. The chapter has made great strides to redefine what the chapter is about and the core membership that has chosen to stay on board is solid. Their finances are definitely improving; they are following the budget put together at the beginning of the year, and have nearly eliminated their third party debts. Through the financial record reconstruction and investigation, the ACB has recovered/stopped paying on approximately \$17K worth of debt that could not be substantiated as being valid house expenses. Special thanks go to Bob Veazie "Ace", Bob "Tee" Watt, John McKenna "Radar", Steve Miller "Rocky", and Patrick Ward "Mcfly" for their efforts and legal / law enforcement advice. In addition, the chapter and ACB with the help of Jim Evans "3.2%" have started working on a business plan for the long-term success of Epsilon Rho.

As you can see, it's been a busy year! This year is set up to be one of rebuilding the chapter, rediscovering the values of the fraternity, and returning to a position of financial stability. It's going to be a difficult year with all the change that is taking place. I encourage all alumni to visit the chapter this year, meet the current actives, and consider serving on the ACB. Elections are this Spring and there will be open positions. A strong alumni presence and interest shows the brothers that we care about their success.

Sincerely,
J. T. Gilkeson " Lego "

ACB Prez to hand over Gavel in Spring 2005

JT "Lego" Gilkeson announced his pending retirement as ACB President last Poly Royal 2004.

If you have the time, energy and experience in running a non-profit volunteer organization please contact any ACB member.

The Chapter has undergone some extensive improvements and challenges.

There are a minimum of three meetings per year that the ACB president chairs: two general meetings at Homecoming and Open House, and a third meeting to go over Goals and Objectives.

If you want to know more about the position contact Lego directly at Home: 650-386-6423 Work: 408-522-7110 or via email dsplego@yahoo.com

Bond Eternal Visit Temporary for Alum

The Chapter Alumni Association is pleased to report that one alumni has made it back from being reported as "Bond Eternal"

Although Mitch "Private" Kotula flirted with the Bond during his tour in Vietnam, he has assured the editor that he can still fog a mirror.

Thanks to Jim "BIP" Houser for passing on the 2002 Directory to Private. Mitch currently resides in Montana and will be listed in the next directory with the living.

Mitch: Your Alumni Association Dues are Late.

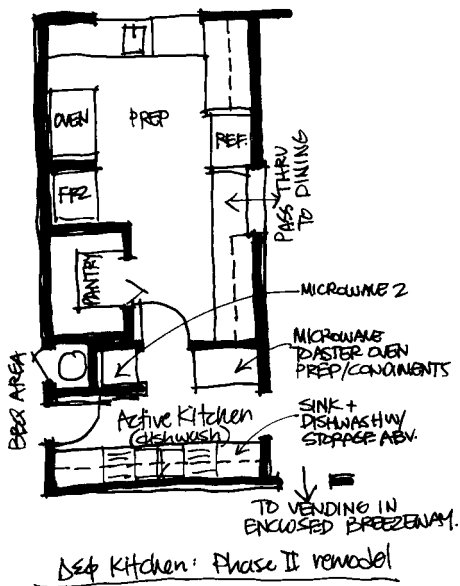

Kitchen Under Construction

Panorama looking at back wall of kitchen, stove to the right, dining room to the left. Floor of the kitchen received a drain and slope to prevent further mildew and mold issues.

Looking towards the kitchen from the dining room. Lower portions of walls and insulation were removed due to mold.

Phase 2 of the Kitchen remodel will separate the serving crew from the kitchen and allow actives to use a smaller kitchen during off hours.

Looking towards the front of the house in the Kitchen.

Tax Deductible Contributions

The ACB has authorized the establishment of a Fundraising Committee. Jim Valdez/TJ/F'66 has accepted the chairmanship of the committee. Jim, working with various Brothers, is starting to prepare a Fundraising Plan and Capital Campaign. The Brothers working with Jim are Jim Larson/Lurch/W'72, Mike Roanhaus/Harpo/S'70, Chris Patterson/Yabut/W'73, and Dave Tilstrom/Hoover/F'78. The Campaign will raise funds based upon the Business Plan Targets being developed by Jim Evans/3.2/S'58 and his committee. **Funds for the House Renovation Project will be one of the Targets for Fundraising.**

Ultimately, Jim would like to have a Committee Member in each major Metropolitan Area. Those Brothers wishing to help on the Fundraising Committee should contact Jim at his Email Address: jamesgvaldez@charter.net.

The donated **contributions will be tax-deductible** and be maintained in the **Delta Sigma Phi 21st Century/Epsilon Rho Fund.**
